

I am very strongly opposed to the proposal to deregulate station ownership. You are aware you that you are Public employees PUBLIC, and as such are required by law to seek the public good, rather than promote the interest of a few large conglomerates. While the proposed changes WILL benefit large companies and there wealthy officers and stockholders, it will not be a benefit to the citizens of our country. "If it is not broke, don't try to fix it"

There is no evidence that these changes will benefit the PUBLIC.
